Dear {{Recipient.FirstName}},

As the Fall Semester arrives, colleges and universities continue to prepare a healthy dining environment for students. Our touchless SmartStock® Tri-Tower Cutlery Station can help curb cross contamination with one-at-a-time dispensing so students touch only what they use. For a limited time, our Tri-Tower Cutlery Station is available at no charge! [Tri-Tower Video](#)

Why SmartStock for on-campus dining venues?

- **Touchless & Hygienic:** Absence of buttons or levers can help reduce cross-contamination.
- **Reduce Usage:** One-at-a-time dispensing technology can reduce cutlery usage up to 31%1 compared to bulk bins of cutlery.
- **Efficient & High Capacity:** SmartStock® Tri-Tower Cutlery Station holds up to 390 utensils making restocking less frequent, while preloaded skewers help reduce loading time.
- **Waste Saving & Sustainable:** Controlled dispensing helps reduce cutlery waste, which can mean less landfill trash. In addition, the SmartStock® Tri-Tower offers a compostable option for maximum sustainability benefits.
