

ISSA SHOW  
NORTH AMERICA 2023

November 13-16 | Las Vegas, NV  
Mandalay Bay Convention Center  
Changing the Way the World Views Cleaning

## Come see what's new from Suncast at **Booth 3874**

For nearly four decades **Suncast** has been designing and manufacturing high-quality, American-made resin products. As an industry leader in innovative solutions, we have raised the bar on the tools needed to effectively and efficiently support the workload of our hospitality employees. From our patented 360°

Adjustable Caster system, found only on Suncast Commercial **Housekeeping and Utility Carts**, to the thoughtfully engineered innovations in our **Slim & Utility Trashcans** designed to reduce frustration and fatigue from the daily chores of maintaining a well-kept property, Suncast is resetting the standard for the tools needed to ease the workload of the people we count on most.

Our team also understands the importance of creating a warm and inviting atmosphere in the front of the house that leaves a lasting impression on guests. With aesthetically pleasing **Storage Solutions** to durable **Outdoor Furniture**, our new product lines are carefully crafted to enhance and inspire your client's space.

Come speak with Cody, James, Sam, or myself and see what's new from Suncast.

See you soon!  
**Sara**

If you'd like to book time with our team in-booth, please use the calendar link below to schedule that time:
